- This Presentation is focused on comparing actual results for the period from 1 October 2019 to 31 December 2019 ("4Q 2019") versus the period from 1 October 2018 to 31 December 2018 ("4Q 2018"). This shall be read in conjunction with PLife REIT 2019 Full Year Unaudited Financial Statement and Distribution Announcement in SGXNet.
- This Presentation may contain forward-looking statements that involve assumptions, risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, shifts in expected levels of property rental income, changes in operating expenses, property expenses and governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. Investors are cautioned not to place undue reliance on these forward-looking statements, which are based on the Manager's current view of future events.

### **Revenue Growth**

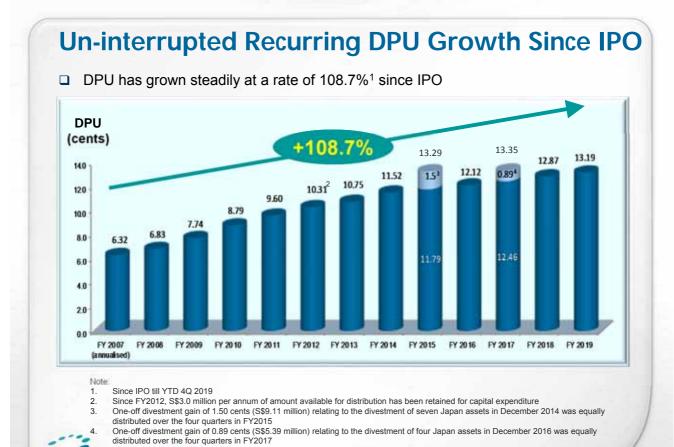

□ Revenue decreased by 1.9% and grew by 2.1% to \$28.0 million and \$115.2 million for 4Q 2019 and FY2019 respectively.

□ The drop in revenue in 4Q 2019 was due to one-time reclassification of insurance reimbursement received during the year to property expenses. Overall, there is no impact to the net property income. Excluding the one-off reclassification, 4Q 2019 revenue would have grown by 2.4% over the same period last year.
