1.3 Manner of Acquiring and Holding the Property

Under the TK Agreement, a company established under Japanese laws, and known as a “*Godo Kaisha*”, will own the Property. A *Godo Kaisha* is a company similar to a limited liability company in Singapore whose members are only liable to the extent of their contribution to the *Godo Kaisha*².

¹ Based on the exchange rate of S\$1.00 : ¥90.00 (the “**Exchange Rate**”). Unless otherwise stated, all conversions of ¥ amounts into S\$ in this announcement will be based on the Exchange Rate.

² See also paragraph 5.4 below.

Prior to the Closing Date, the SPV, which is wholly-owned by Parkway Life REIT, shall inject funds into the TK Operator (the "**Parkway Life REIT TK Investment**") and, as provided for in the Purchase and Sale Agreement, the TK Operator will acquire the Property from the Vendor.

The completion of the Acquisition will be subject to the satisfaction of a number of conditions including, *inter alia*, compliance with certain applicable laws and regulations and the obtaining of certain applicable governmental and regulatory approvals.

1.4 Building Lease Agreement

The TK Operator will, pursuant to the assumption of a long balance 20 year building lease agreement, grant a building lease to Kabushiki Kaisha Habitation (the "**Lessee**"), a Japanese *kabushiki kaisha*, at an annual gross rental of approximately ¥245,000,000 (approximately S\$2.72 million) for the Property (the "**Building Lease Agreement**"). The Property will also have backup operator agreement. (See paragraph 1.5 below for details.)

1.5 Backup Operator Agreement

The TK Operator has entered into backup operator agreement with Living Platform, Ltd. (the "**Backup Operator**") and the Lessee in relation to the Property (the "**Backup Operator Agreement**").

The assumption of the role of the Lessee by the Backup Operator under the Backup Operator Agreement is to ensure that the business for the fee-charging nursing home for the aged and other ancillary business run smoothly in the event of any cancellation or termination of the current lease.

1.6 Asset Management Agreement

The TK Operator has entered into an asset management agreement with Black Hills Investment, Ltd., a Japanese *kabushiki kaisha* ("**Black Hills**", or the "**Asset Manager**") in respect of the Property (the "**Asset Management Agreement**"). The Asset Manager is responsible for the servicing, administration and management of the Property.

The Asset Manager shall be appointed for an initial term up to 30 June 2016, and its appointment shall thereafter be automatically renewed for successive two-year periods unless the TK Operator or the Asset Manager gives a notice of non-renewal in accordance with the terms of the Asset Management Agreement.

1.7 Information on the Vendor, the Lessee and the Asset Manager

The Vendor is a special purpose vehicle held under UBI K.K., a Japanese *kabushiki kaisha*, which is a fund management company established in Japan since 1991 engaging in real estate related and venture capital investments. As at March 2014, the capital investment of UBI K.K. is approximately ¥40 billion.

The Lessee has started its nursing home operation in the Fukuoka Prefecture since 1977. As at June 2014, the Lessee has about 300 employees managing four nursing homes and care facilities in the Fukuoka and Chiba Prefectures.

Black Hills is a private real estate asset management firm that was founded in March 2007 in Japan with its core business being in the real estate markets. The assets under Black

Hills' management is approximately ¥35 billion (approximately S\$389 million) as at 31 October 2014.

2. RATIONALE FOR THE ACQUISITION

2.1 DPU Accretion

Based on the expected net property yield of the Acquisition of 5.8%³, the Manager believes that the Acquisition will be DPU-accretive to the unitholders of Parkway Life REIT (“Unitholders”), using pro forma historical financial information for the purpose of analysis.

2.2 Consistency with Parkway Life REIT's principal investment strategy

The Acquisition is in line with the investment criteria stated in the prospectus of Parkway Life REIT dated 7 August 2007. The principal investment strategy of the Manager is to invest in income-producing real estate and/or real estate-related assets in the Asia-Pacific region (including Singapore) that are primarily used for healthcare and/or healthcare related purposes (including but not limited to, hospitals, healthcare facilities and real estate and/or real estate assets used in connection with healthcare research, education, and the manufacture or storage of drugs, medicine and other healthcare goods and devices), whether wholly or partially owned, and whether directly or indirectly held through the ownership of special purpose vehicles whose primary purpose is to own such real estate. As such, the Acquisition is consistent with Parkway Life REIT's principal investment strategy.

2.3 Income Diversification

The Acquisition is expected to benefit Unitholders by improving income diversification and reducing the reliance of Parkway Life REIT's income stream on any single property.

2.4 Competitive Strengths of the Property

The Manager believes that the competitive strengths of the Property are reflected by the high operational occupancy of the Property of approximately 92% as at 31 August 2014. As part of an integrated development, the Property is strategically situated above the Yakuin Odori train station in the central district of Fukuoka city in the Fukuoka Prefecture and is also located within the high end residential area, with close proximity to retail malls, hospitals and clinics. In addition, the Property is well operated by an experienced operator who has adequate experience in managing the operation of nursing home and care facility properties in Japan.

³ The expected net property yield is computed by dividing the contractual net property income by the Purchase Price of the Property.

3. CERTAIN PRINCIPAL TERMS OF THE ACQUISITION

3.1 Purchase Price

The Purchase Price for the Property, exclusive of Japanese consumption tax and other estimated fees and expenses (including the acquisition fee, stamp duty, taxes payable, advisory fees, professional fees and expenses), was arrived at on a willing-buyer and willing-seller basis after taking into account the valuation of the Property by the independent valuer. Such valuation for the Property as at 31 October 2014 is summarised in the table in paragraph 3.3 below.

The Purchase Price will be paid in cash to the Vendor on the Closing Date after making the relevant adjustments for security deposits and allocations of taxes, expenses and revenues in relation to the Property pursuant to the terms of the Purchase and Sale Agreement.

3.2 Acquisition Fee

Upon completion of the Acquisition, an acquisition fee of approximately S\$393,000 is payable to the Manager pursuant to the trust deed dated 12 July 2007 (as amended), which may be payable in the form of cash and/or Units as the Manager may elect.

3.3 Valuation of the Properties

K.K. Halifax Associates (Colliers International Tokyo) ("**Colliers**"), an independent valuer, has been commissioned by the Trustee (in its capacity as trustee of Parkway Life REIT) to prepare an independent valuation of the Property. In its valuation reports dated 11 November 2014, Colliers stated that the appraisal value of the Property as at 31 October 2014 is ¥3,540,000,000 (approximately S\$39.3 million).

The valuation was prepared with an emphasis on the Discounted Cash Flow Method with the Cost Approach Value used as a reference and the Purchase Price is in line with the valuation of the Property.

4. MATERIAL IMPACT

The above transaction is not expected to have any material impact on the consolidated net tangible assets or distributions per Unit for the financial year ending 31 December 2013.

5. OTHER INFORMATION

5.1 Rule 1006 of the Listing Manual

Based on the relative figures as computed on the bases set out in Rule 1006 of the listing manual of Singapore Exchange Securities Trading Limited (the "**Listing Manual**"), the Acquisition is a "Non-Discloseable Transaction" within the meaning of Rule 1008 of the Listing Manual.

5.2 Interests of the Directors and Controlling Unitholders

Based on information available to the Manager, as at the date of this announcement, none of the directors of the Manager or the controlling Unitholders has any interest, direct or indirect, in the Acquisition.

5.3 Service Contracts

No person is proposed to be appointed as a director of the Manager in connection with the Acquisition.

5.4 TK Operator

Pursuant to the Purchase and Sale Agreement, the TK Operator will acquire the Property from the Vendor, and the title deed to the Property will be held by the TK Operator, as the legal owner of the Property. It should be noted that the title deed of the Property is held by the TK Operator and not by the Trustee directly due to the nature of the arrangements under the TK Agreement. As such, the Trustee is not the legal owner of the Property and has no direct control over the Property nor how it is managed. Should the TK Operator become insolvent, the Trustee's right to distribution under the TK Agreement would be treated as a bankruptcy claim, and would rank junior to all debt obligations owed by the TK Operator.

Given that only the TK Operator has rights against and obligations to third parties as the legal owner of the Property, third parties will have no recourse against the SPV, as the silent partner, and the liability of Parkway Life REIT (as a TK investor through the SPV) is thus limited to the amount of the Parkway Life REIT TK Investment.

5.5 Documents for Inspection

Copies of the Purchase and Sale Agreement and the valuation report of Colliers on the Property are available for inspection during normal business hours at the registered office of the Manager at 80 Robinson Road, Singapore 068898 for a period of three months commencing from the date of this announcement.
